

Response to Gasoline Tanker **Emergency Incidents**

October 24, 9:00am-Noon / October 24, 6:30-9:30pm
October 25, 9:00am-Noon / October 26, 9:00am-Noon
(class repeated each session)

Columbia County EOC
263 NW Lake City Avenue, Lake City, FL 32055

Instructor – B/C Leigh Hollins (ret) Cedar Hammock (FL) FD

This course will address the various components & systems of the MC306/406 Gasoline Tanker, the most common Haz-Mat transport vehicle in the nation. Discussion items will include the chemical properties associated with the most common transported commodities (Gasoline & Diesel fuels) and an overview of the tanker's various safety features as well as a review of various incidents. A Gasoline Tanker Truck will be on site as part of the class (if available). Following the course, emergency responders will have a better understanding and working knowledge of the tanker features in the event of a leak, spill, rollover or fire situation.

This is a FREE class provided by the
North Central Florida Local Emergency Planning Committee
